#### RESPONSIBILITIES OF COUNTY AND ADOPTEE(S)

### SHARED RESPONSIBILITIES BETWEEN THE COUNTY AND THE ADOPTEE(S)

The County and the Adoptee(s) will share the following responsibilities:

- \* Develop a brief work plan outlining the method by which the program will be implemented. Note any part of the plan being done by Adoptee(s).
- \* Cooperate in an effort to create public awareness and support for the program.
- \* Coordinate in conducting one safety meeting, prior to any roadway work being completed by Adoptee(s).
- \* Maintenance of prairie site unless Adoptee(s) is in agreement to conduct all maintenance responsibilities.

### ADOPTEE(S) RESPONSIBILITIES

The Adoptee(s) shall be responsible for:

- \* Attending a program update and overview meeting per year. Meeting will be conducted by the Roadside Vegetation Specialist.
- \* Specifying what activities the Adoptee(s) would like to do.

### SCOTT COUNTY RESPONSIBILITIES

The County will be responsible for:

- \* Area preparation, planting, and some maintenance of prairie site.
- \* Help identify weed species for removal.
- \* Providing and installing a "Roadside Vegetation Management" sign at each end of the adopted section.
- \* Installing family name plates which can be purchased for \$16.00 each by the Adoptee(s).

### PROCEDURES FOR ROADWAY PRAIRIE ADOPTION

- 1. All applications are subject to approval by the Scott County Engineer and the Roadside Vegetation Specialist.
- 2. Upon approval of an Adoption request, the County will meet with the Adoptee(s) and discuss the work plan and the projected prairie reconstruction date.

3. Following the completion of the prairie installation, signs will be installed and the location will be added to the Scott County Roadside Inventory Map.

## PROCEDURES FOR ROADWAY PRAIRIE RECONSTRUCTION

- 1. Evaluation of the current vegetation in the area to be reconstructed to native prairie.
- 2. Methods used to reconstruct if area qualifies.
  - A. Total vegetation removal and re-seed.
  - B. Inter-seed existing vegetation.
  - C. Hydroseed, broadcast seeding, or no till drill seeding.
  - D. Prescribed burns.
- 3. Ongoing yearly maintenance plan until prairie is established.
