

2019

# Community Health Assessment

Rock Island County, Illinois | Scott County, Iowa

Partnership: Community Health Assessment Stakeholder Committee

Partnership makeup: Representatives from more than 20 sectors of the community

Vision:

"The Quad Cities region is united as one vibrant, collaborative community with engaged citizens, safe, thriving neighborhoods, and equitable access and opportunities for overall health and social well-being."

4 Assessments Completed:

- Community Health Status Assessment
- Community Themes & Strengths Assessment
- Forces of Change Assessment
- Local Public Health System Assessment

Provided information on:

- How healthy the community is
- The community's assets and strengths
- Forces that can impact the ability of the community to be healthy
- How well the local public health system can serve the community
