- Participant is age appropriate.
- Participants may be aged up or down by one grade level in some situations.
- Participant is able to take direction and instruction from a staff person
- Participant is comfortable with, and able to interact in, a group environment.
- Participant interacts and participates in a manner that is physically and emotionally safe for themselves and others.
- Participant is able to participate in self-care (toileting, feeding, etc.) independently or with minimal verbal prompting.

This form is intended to assist in identifying reasonable modifications which may be beneficial for successful participation in Scott County Conservation programs. To adequately meet your needs, we require registration for each program and reasonable modifications requests be made at least two weeks in advance of the start of the program.
