

Scott County Health Department...

LEADS

- By following local government structure outlined by Iowa Code
- Through the Board of Health giving guidance on public health matters
- By setting the direction and vision for agency activities

PROTECTS

- Children from lead poisoning with medical and environmental follow-up
- Children from preventable-illnesses with shots
- Inmates in the Scott County Jail by providing health exams and disease management training
- Pregnant and post-partum women by providing maternal and dental health services
- Children and adolescents by providing dental services

SUPPORTS

- Health and safety in child care centers, homes, and preschools
- Non-public schools with consultation on health matters

CONNECTS

- Children to medical and dental homes through *Care for Kids* and *I-Smile™*
- Adults and seniors with oral care through *I-Smile™ Silver*
- Families in need of health insurance to *hawk-i* and Medicaid

INSPECTS

- Food stands, grocery stores, and restaurants for food safety
- Tanning salons to make sure they follow safety requirements
- Tattoo shops to verify safe practices
- Vehicles that haul waste to the landfill to prevent leakage and litter
- New and existing water wells to keep water safe
- Septic system installation and operation to protect area groundwater
- Public swimming pools and spas for health and safety issues
- People through STD/HIV testing, counseling, treatment, and referral

MONITORS

- Complaints filed for public health nuisance
- Foodborne illness complaints
- Reportable communicable diseases
- Risk of getting rabies after an animal bite

PARTNERS

- To assess community health needs and develop improvement plans
- To reduce the impact of tobacco and nicotine use
- To develop plans to ensure a safe and prepared community
- To enhance emergency medical services
- To make it easier to live healthy by making improvements to where we work and play
